Dear Mr. Schiller:

It was good to hear from you and to know of your interest and position in DXing.

This letter will verify the reception of WIVV in Vieques, Puerto Rico on April 1, 1963.

Yes, this is the only station on Vieques. Perhaps you would be interested in knowing that WIVV broadcasts entirely in English to the English speaking islands of the Lesser Antilles, from 5:30 A. M. until 11:30 P. M. Atlantic Standard Time. This last December 8, we observed our Fifth Anniversary of broadcasting. At that time, many of our listeners wrote in thanking us for keeping the Gospel Message going over the air.

Thanks for your report. We trust that the enclosed forms will give you other helpful information.

Yours for souls,

Don Luttrell
